DAILY GAZETTE.

Terrific Hurricane, followed by a Thunder Storm.

Yesterday afternoon one of the most violent hurricanes in the memory of the oldest inhabitant passed over this city. It came so suddenly that ere outsiders were aware of it, everything portable was flying off at a tangent. The first intimation we received of the blow was in the shape of an apple woman, who, accompanied by baskets, and scattered apples, came tumbling across the street in a series of gyrations most remarkable. In an instant the air was filled with hats, veils, shawls, fragments of dresses, etc., and then the rain came in torrents, drenching everything instantaneously.—Trees were twisted off like pipe-stems. On Division street a long row of cottonwood trees were uprooted, while houses, especially those in process of construction, were leveled to the ground. Two or three on Halsted street shared this fate, while a large brick structure on West Van Buren street, not completed, was thrown down. A woodshed belonging to the Pittsburg & Fort Wayne railroad was blown down. Several laborers were under it at the time, engaged in piling wood. One of them, named John Coleman, was struck on the head by a falling beam, and his skull so badly crushed that he died instantly. The deceased was an unmarried man, thirty-five years of age. Coroner James held an inquest over the body, and a verdict was rendered in accordance with the facts. This, so far as we can learn, was the only loss of life by the hurricane, which is remarkable from the number of houses wholly or partially damaged.

The hurricane was succeeded by the most magnificent display of lightning that we ever saw. The heavens were in a constant glare, while Jove's artillery cracked and reverberated in a manner truly terrific and sublime. Balls of fire were distinctly visible, darting from the clouds and exploding into myriads of sparks or forks, mid-air. At nine o'clock the storm was in the height of its glory. The roar of the thunder and and the blinding glare of the lightning knew no cessation, while the clouds poured torrents from their seemingly inexhaustible reservoirs.

The house of Conrad Faltz, turnkey of the county jail, corner of Larrabee street and North avenue, was struck by the electric current, and one of his children, a bright little fellow of nine years, was instantly killed. The lightning entered the roof by the chimney, *leaped over a stove* to the floor, passed through a base-board into a bedroom where three children lay upon a mattrass on the floor. It killed the first, benumbed the second, and leaped over the third, demolishing a washboard and escaped—no one knows how.

On Washington street a young lady was struck by lightning, but not seriously injured. Although considerably paralyzed at the time, she laughingly declared that the sensation was not altogether unpleasant.

A small cottage on Fulton street, near Paulina, was also struck, but not seriously damaged. Doubtless we shall hear of other casualties, for it was certainly one of the most fearful storms within our remembrance.—*Chicago Journal, Tuesday.*

DESTRUCTIVE TORNADO IN MCHENRY COUNTY.—The village of Marengo, in McHenry county, in this state, was visited by a terrific hurricane yesterday afternoon at about four o'clock. Several houses were torn to pieces, many seriously damaged, four persons killed, several badly injured, with great destruction of gardens and of crops and farm property in the vicinity. The tornado, our informant says, appeared to be a meeting of two currents or clouds—one from the south-west and another from the north-east—and then swept in a south-westerly direction, through a track of country between Marengo and Woodstock. The tornado lasted a little over a minute.

The force of the wind was terrific and irresistible. The grain on the fields was carried away. On the farm of A. Patrick the loss is about $1,500. His large barn was unroofed, and all his house carried from its foundation. A daguerrean car in the village was raised up, carried across the street and smashed to pieces. The air was completely filled with flying awnings, boxes, trees, shrubbery and timber.

Mrs. Sumner was killed in her house, which was torn into pieces; her neck was broken. Mrs. Green, an old lady, was carried away with the ruins of her house, and when found was dying of her injuries.—Robert Smith's son, John, 12 years of age, was killed by being struck by a piece of flying timber. Mr. Morris had his arms and legs broken by timber falling on him, and he cannot live.

Among those injured are Miss Green, badly, and not expected to live, and Miss Frazee. Several others were more or less injured, but we have not received their names.

To give some idea of the force of the wind, a large stove was carried up into the air and carried off to a distance of ten rods. The fences, grain and trees in the fields were all prostrated to the ground and scattered brodcast over the country.

Our informant estimates the loss in and around Marengo at $10,000 at least.—*Chicago Journal.*

I. N. Brown, commander of the ram Arkansas, was formerly a lieutenant in the United States navy. Brown returned home in the frigate Niagara, and upon landing in Boston proclaimed strong secession sentiments, which so incensed a large class of the citizens, that it was only through the intervention of the police that he escaped a mobbing at the head of State street. He has made good his declaration of his purpose to "return to his native state and fight under the confederate flag."

to produce

THEIR EQUAL!

We do not profess to have discovered some Roots "known only to the Indians of South America," and a cure for "all diseases which flesh is heir to," but we claim to present to the public a truly valuable preparation, which every intelligent Physician in the country will approve of and recommend. As a remedy for

INCIPIENT CONSUMPTION,

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, Diseases peculiar to Females, Debility, and all cases requiring a Tonic, they are

UNSURPASSED!

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to excessive use of strong drink, and wish to refrain from it. They are pure and entirely free from the poison contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

DAILY GAZETTE.

Terrific Hurricane, followed by a Thunder Storm.

Yesterday afternoon one of the most violent hurricanes in the memory of the oldest inhabitant passed over this city. It came so suddenly that ere outsiders were aware of it, everything portable was flying off at a tangent. The first intimation we received of the blow was in the shape of an apple woman, who, accompanied by baskets, and scattered apples, came tumbling across the street in a series of gyrations most remarkable. In an instant the air was filled with hats, veils, shawls, fragments of dresses, etc., and then the rain came in torrents, drenching everything instantaneously.—Trees were twisted off like pipe-stems. On Division street a long row of cottonwood trees were uprooted, while houses, especially those in process of construction, were leveled to the ground. Two or three on Halsted street shared this fate, while a large brick structure on West Van Buren street, not completed, was thrown down. A woodshed belonging to the Pittsburg & Fort Wayne railroad was blown down. Several laborers were under it at the time, engaged in piling wood. One of them, named John Coleman, was struck on the head by a falling beam, and his skull so badly crushed that he died instantly. The deceased was an unmarried man, thirty-five years of age. Coroner James held an inquest over the body, and a verdict was rendered in accordance with the facts. This, so far as we can learn, was the only loss of life by the hurricane, which is remarkable from the number of houses wholly or partially damaged.

The hurricane was succeeded by the most magnificent display of lightning that we ever saw. The heavens were in a constant glare, while Jove's artillery cracked and reverberated in a manner truly terriffic and sublime. Balls of fire were distinctly visible, darting from the clouds and exploding into myriads of sparks or forks mid-air. At nine o'clock the storm was in the height of its glory. The roar of the thunder and the blinding glare of the lightning knew no cessation, while the clouds poured torrents from their seemingly inexhaustible reservoirs.

The house of Conrad Faltz, turnkey of the county jail, corner of Larrabee street and North avenue, was struck by the electric current, and one of his children, a bright little fellow of nine years, was instantly killed. The lightning entered the roof by the chimney, *leaped over a stove* to the floor, passed through a base-board into a bedroom where three children lay upon a mattrass on the floor. It killed the first, benumbed the second, and leaped over the third, demolishing a washboard and escaped—no one knows how.

On Washington street a young lady was struck by lightning, but not seriously injured. Although considerably paralyzed at the time, she laughingly declared that the sensation was not altogether unpleasant.

A small cottage on Fulton street, near Paulina, was also struck, but not seriously damaged. Doubtless we shall hear of other casualties, for it was certainly one of the most fearful storms within our remembrance.—*Chicago Journal, Tuesday.*

DESTRUCTIVE TORNADO IN MCHENRY COUNTY.—The village of Marengo, in McHenry county, in this state, was visited by a terrific hurricane yesterday afternoon at about four o'clock. Several houses were torn to pieces, many seriously damaged, four persons killed, several badly injured, with great destruction of gardens and of crops and farm property in the vicinity. The tornado, our informant says, appeared to be a meeting of two currents or clouds—one from the south-west and another from the north-east—and then swept in a southwesterly direction, through a track of country between Marengo and Woodstock. The tornado lasted a little over a minute.

The force of the wind was terrific and irresistible. The grain on the fields was carried away. On the farm of A. Patrick the loss is about $1,500. His large barn was unroofed, and all his house carried from its foundation. A daguerrean car in the village was raised up, carried across the street and smashed to pieces. The air was completely filled with flying awnings, boxes, trees, shrubbery and timber.

Mrs. Sumner was killed in her house, which was torn into pieces; her neck was broken. Mrs. Green, an old lady, was carried away with the ruins of her house, and when found was dying of her injuries.—Robert Smith's son, John, 12 years of age, was killed by being struck by a piece of flying timber. Mr. Morris had his arms and legs broken by timber falling on him, and he cannot live.

Among those injured are Miss Green, badly, and not expected to live, and Miss Frazee. Several others were more or less injured, but we have not received their names.

To give some idea of the force of the wind, a large stove was carried up into the air and carried off to a distance of ten rods. The fences, grain and trees in the fields were all prostrated to the ground and scattered brodcast over the country.

Our informant estimates the loss in and around Marengo at $10,000 at least.—*Chicago Journal.*

I. N. Brown, commander of the ram Arkansas, was formerly a lieutenant in the United States navy. Brown returned home in the frigate Niagara, and upon landing in Boston proclaimed strong secession sentiments, which so incensed a large class of the citizens, that it was only through the intervention of the police that he escaped a mobbing at the head of State street. He has made good his declaration of his purpose to "return to his native state and fight under the confederate flag."

We do not profess to have discovered some Roots "known only to the Indians of South America," and a cure for "all diseases which flesh is heir to," but we claim to present to the public a truly valuable preparation, which every intelligent Physician in the country will approve of and recommend. As a remedy for

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysie, Piles, Diseases peculiar to Females, Debility, and all cases requiring a Tonic, they are

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to excessive use of strong drink, and wish to refrain from it. They are pure and entirely free from the poison contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

PROCLAMATION.

To the People of Wisconsin.

Whereas, an order has been issued by the President of the United States, calling for a draft of 300,000 men to serve for nine months, under regulations to be established by the secretary of war, and providing further that if any state shall not by the 15th of August, furnish its quota of the 300,000 volunteers recently called for, the deficiency in that state will also be made up by special draft from the militia; and whereas, the system of a state bounty recommended in my proclamation of the 4th inst, is deemed impracticable by me in view of this recent order of the president:

I do hereby recall and revoke so much of my proclamation of yesterday as provides for the offer of a state bounty of $50 to volunteers and for the establishment of a fund by voluntary contribution, the issue of scrip or certificates, and the appointment of commissioners for that purpose.

Under existing circumstances no State Bounty can be offered to volunteers.

If the people of any particular localities desire to provide for a bounty to volunteers in order to encourage enlistments in the volunteer regiments they must take the matter into their own hands.

I hope that it will not be necessary to resort to drafting in this state to fill up the six regiments of volunteers now in process of organization, but that within the ten days given us by the president, these six regiments will be complete.

The people have called for energy in the prosecution of this war, and they will therefore, I trust, hail with universal approbation this recent order of the president of the United States, and will hasten to volunteer, in order to fill up the ranks of our volunteer regiments.

EDWARD SALOMON,
Governor of Wisconsin.

Madison, August 5, 1862.

The President's Decision.

If the dispatch to the Chicago Tribune is correct, President Lincoln has fully determined not to arm the negroes in any emergency. This decision will give much more satisfaction to the border state politicians who have so long and so disastrously restrained the full use of the power of the government than to the great mass of loyal men whose efforts must be relied on to put down the rebellion. Perhaps, under all the circumstances, we ought to be thankful that the President don't nullify all the other provisions of the militia and confiscation laws of congress.

State Bounty Revoked.

We publish to-day a proclamation fro Gov. Salomon, revoking the proclamation previously issued offering a state bounty of $50 to each volunteer under the call of President Lincoln for 300,000 men. From the willingness manifested by the people of the state to subscribe to the loan proposed by the Governor, there can be no doubt that it would have been promptly taken, and we hope no general serious ill effects will follow the withdrawal of the inducements to enlist, though it will be likely to operate unfavorably in some localities.

Mode of Drafting.

As there is a good deal of interest as well as curiosity in relation to the manner of drafting, the following may be given as one of the modes adopted: "When an order is received for a certain number of men to be raised by drafting, they are taken from among those enrolled. The men are accordingly mustered, and the work of drafting commenced at once. If there are fifteen men to be chosen from one of the enrolled companies, numbers from one to fifteen are written upon small bits of paper, and the numbered strips, with enough blanks accompanying them to equal the number of men in the company, and thoroughly mixed in a hat or a box. The men then draw out from the latter one of the strips of paper. If it is numbered, they must 'go to the war,' if a blank they are free. The whole operation is very simple, but is attended with considerable excitement."

There being no regularly enrolled militia in this state, some special provision will be requisite. The assessors of the various cities and towns have been required to return all the citizens between the ages of 18 and 45 years, but they are allowed till the 1st of September to make their returns, and probably there is not even a partial list in the state in the possession of the state authorities. In this city, we are informed, the list has not, or had not a few days since, commenced.

"We believe the abolition schemes of confiscation and emancipation and arming the negroes have done all the harm they can do in massing the southern people in determined resistance to the power of the government, and exciting them to a state of desperation which adds immensely to the moral strength of their armies. We design, therefore, to offer no further present resistance to them."—*Chicago Times.*

Has not the Times found it unprofitable, if not unsafe, to continue its daily "abolition" tirades? Its determination to forbear the indulgence of its cherished propensities is one of the most significant signs of the healthful change recently taken place in the sentiments of that portion of the northern people whose prejudices against "the nigger" were leading them into opposition to what must sooner or later have become the settled policy of the government.

One of the amusements of the Fourth in New York was a display of fire-works in front of the institution for the blind. It was a big thing for the inmates of the institution, but "they couldn't see it."

LAW AUTHORIZING DRAFTING.

Authority to Enrol the Blacks.

THE ACT OF FEBRUARY 28TH, 1795, AS AMENDED JULY 17TH, 1862, BY THE THIRTY-SEVENTH CONGRESS.

An act to amend the act calling forth the militia, to execute the laws of the Union, suppress insurrections and repel invasions, approved Feb 28th, 1795, and the acts amendatory thereof, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever the President of the United States shall call forth the militia of the States, to be employed in the service of the United States, he may specify in his call the period for which such service will be required, not exceeding nine months; and the militia so called shall be mustered in and continue to serve for and during the period so specified, unless sooner discharged by command of the President. If by reason of defects in existing laws, or in the execution of them, in the several states or any of them, it shall be found necessary to provide for enrolling the militia and otherwise putting this act in execution, the President is authorized in such cases to make all necessary rules and regulations; and the enrolment of the militia shall in all cases include all the able-bodied male citizens between the ages of eighteen and forty five, and shall be apportioned among the states according to representative population.

SEC. 2. *And be it further enacted*, That the militia, when so called into service, shall be organized in the mode prescribed by law for volunteers.

SEC. 3. *And be it further enacted*, That the president be and he is hereby authorized, in addition to the volunteer forces which he is now authorized by law to raise, to accept the services of any number of volunteers not exceeding one hundred thousand, as infantry, for a period of nine months, unless sooner discharged. And every soldier who shall enlist under the provisions of this section shall receive his first month's pay, and also twenty-five dollars bounty, upon the mustering of his company or regiment into the service of the United States. And all provisions of law relating to volunteers enlisted in the service of the United States for three years or during the war, except in relation to bounty, shall be and the same are extended to, and are hereby declared to embrace, the volunteers to be raised under the provisions of this section.

SEC. 4. *And be it further enacted*, That, for the purpose of filling up the regiments of infantry now in the United States service, the President be, and he hereby is, authorized to accept the services of volunteers in such numbers as may be presented for that purpose for twelve months, if not sooner discharged. And such volunteers, when mustered into the service, shall be in all respects upon a footing with similar troops in the United States service, except as to service bounty, which shall be fifty dollars, one-half of which is to be paid upon their joining their regiments, and the other half at the expiration of their enlistment.

SEC. 5. *And be it further enacted*, That the president shall appoint, by and with the advice and consent of the senate, a judge advocate general, with the rank, pay and emoluments of a colonel of cavalry, to whose office shall be returned, for revision, the records and proceedings of all courts martial and military commissions, and where a record shall be kept of all proceedings had thereupon. And no sentence of death, or imprisonment in the penitentiary, shall be carried into execution until the same shall have been approved by the president.

SEC. 6. *And be it further enacted*, That there may be appointed by the president, by and with the advice and consent of the senate, for each army in the field, a judge advocate, with the rank, pay and emoluments, each, of a major of cavalry, who shall perform the duties of judge advocate for the army to which they respectively belong, under the direction of the judge advocate general.

SEC. 7. *And be it further enacted*, That hereafter all offenders in the army charged with offences now punishable by a regimental or garrison court-martial, shall be brought before a field officer of his regiment, who shall be detailed for that purpose, and who shall hear and determine the offense, and order the punishment that shall be inflicted, and shall also make a record of his proceedings, and submit the same to the brigade commander, who, upon the approval of the proceedings of such field officer, shall order the same to be executed: *Provided*, That the punishment in such cases be limited to that authorized to be inflicted by a regimental or garrison court martial: *And provided further*, That, in the event of there being no brigade commander, the proceedings as aforesaid shall be submitted for approval to the commanding officer of the post.

SEC. 8. *And be it further enacted*, That all officers who have been mustered into the service of the United States as battalion adjutants and quartermasters of cavalry under the order of the war department, exceeding the number authorized by law, shall be paid as such for the time they were actually employed in the service of the United States, and that all such officers now in service, exceeding the number as aforesaid, shall be immediately mustered out of the service of the United States.

SEC. 9. *And be it further enacted*, That the president be, and he is hereby authorized to establish and organize army corps according to his discretion.

SEC. 10. *And be it further enacted*, That each army corps shall have the following officers and no more attached thereto, who shall constitute the staff of the commander thereof: one assistant adjutant general, one quartermaster, one commissary of subsistence, and one assistant inspector general, who shall bear, respectively, the rank of lieutenant colonel, and who shall be assigned from the army or volunteer force by the president. Also, three aid-de-camp, one to bear the rank of major, and two to bear the rank of captains, to be appointed by the president, by and with the advice and consent of the senate, upon the recommendation of the commander of the army corps. The senior officer of artillery in each army corps, shall, in addition to his other duties, act as chief of artillery and ordnance at the headquarters of the corps.

SEC. 11. *And be it further enacted*, That the cavalry forces of the United States shall hereafter be organized as follows: Each regiment of cavalry shall have one colonel, one lieutenant colonel, three majors, one surgeon, one assistant surgeon, one regimental adjutant, one regimental quartermaster, one regimental commissary, one sergeant major, one quartermaster sergeant, one commissary sergeant, two hospital stewards, one saddler's sergeant, one chief trumpeter, and one chief farrier or blacksmith; and each regiment shall consist of twelve companies or troop, and each company or troop shall have one captain, one first lieutenant, one second lieutenant, and one supernumerary second lieutenant, one first sergeant, one quartermaster sergeant, one commissary sergeant, five sergeants, eight corporals, two teamsters, two farriers or blacksmiths, one saddler, one wagoner and seventy-eight privates; the regimental adjutants, the regimental quartermasters, and regimental commissaries to be taken from their respective regiments. *Provided*, That vacancies caused by this organization shall not be considered as original, but shall be filled by regular promotion.

SEC. 12. *And be it further enacted*, That the president be and he is hereby authorized to receive into the service of the United States, for the purpose of constructing entrenchments, or performing camp service, or any other labor, or any military or naval service for which they may be found competent, persons of African descent, and such persons shall be enrolled and organized under such regulations, not inconsistent with the constitution and laws, as the president may prescribe.

SEC. 13. *And be it further enacted*, That when any man or boy of African descent, who by the laws of any state, shall owe service or labor to any person who, during the present rebellion, has levied war, or has borne arms against the United States, or adhered to their enemies by giving them aid and comfort, shall render any such service as is provided for in this act, he, his mother, and his wife and children shall forever thereafter be free, any law, usage, or custom whatever to the contrary notwithstanding: *Provided*, That the mother, wife or children of such man or boy of African descent shall not be made free by the operation of this act except where such mother, wife or children owe service or labor to some person who, during the present rebellion, has borne arms against the United States or adhered to their enemies by giving them aid and comfort.

SEC. 14. *And be it further enacted*, That the expenses incurred to carry this act into effect shall be paid out of the general appropriation for the army and volunteers.

SEC. 15. *And be it further enacted*, That all persons who have been or shall be hereafter enrolled in the service of the United States under this act, shall receive the pay and rations now allowed by law to soldiers, according to their respective grades: *Provided*, That persons of African descent, who under this law, shall be employed, shall receive ten dollars per month and one ration, three dollars of which pay may be in clothing.

SEC. 16. *And be it further enacted*, That medical surveyors and storekeepers shall give bonds in such sums as the secretary of war may require, with security to be approved by him.

Approved, July 17, 1862.

BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE, Office in Union Passenger Depot.

Last Night's Report.

CAIRO, Aug. 5.

Special to Chicago Journal.—On Friday morning a brigade of troops under Colonel Cowler occupied Brownsville, Tenn. The rebel guerrillas have been driven south of the Hatchie, and federal cavalry from Bolivar are still in pursuit of them. It is thought a quietus has been put upon the rebels in that quarter for the present.

Gen. Sherman's troops tore up the track and destroyed the bridges on the Memphis & Charleston railroad during their march to Memphis. There is at present no direct land communication from Sherman to Grant, nor from Grant to Buell. These important divisions of the western army find communication by way of Cairo.

The steamer De Soto arrived yesterday from Vicksburg. She brings no news of importance. We are not permitted to give the location of Capt. Davis' fleet for the present. No boats will pass below Helena.

WASHINGTON, Aug. 5.

Special to Chicago Tribune.—It had been hoped that certain features of the interview with the president, to-day, on the subject of arming the negroes, would not be made public; but a garbled statement in a semi-secession New York paper necessitates the publication of the facts. A delegation of western men, including two United States senators, made the offer of certain negro regiments to the president, to which offer, as stated last night, the president replied that he had decided not to arm negroes. The matter then was freely discussed with reference to Lane's project and the general policy.

The president was plied with arguments against his decision, and discussion gradually became more fully explained. "Gentlemen, you have my decision. I have made my mind up deliberately and mean to adhere to it. It embodies my best judgment, and if the people are dissatisfied, I will resign and let Mr. Hamlin try it," to which one of them replied, "I hope in God's name, Mr. President, you will." The heat of the discussion seems to have arisen from the feeling that the President was drawing back from the ground his visitors thought he had given them reason to believe he occupied.

The president's refusal to accept negro troops excites surprise among parties interested in Gen. Jim Lane's plans. Lane stated positively that the administration understood his intentions about enlisting negroes in Kansas when they gave him his powers for recruiting there. If that be correct he must have been treated in bad faith. Lane will probably go on and do what recruiting he can in Kansas, and accept what negroes he can get as camp laborers.

ST. LOUIS, Aug. 5.

The dispatch from Cairo, announcing the occupation of Bloomfield, Mo., by the rebels, is contradicted at Col. Merrill's office here by a dispatch stating that Col. Daniels had compelled the guerrillas to skedaddle to Arkansas.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

WASHINGTON, Aug. 5.

The following officers have been dismissed from the service: Maj. Gen. H. Richardson of Michigan and Capt. U. P. Bank of Kentucky. [Who is Maj. Gen. Richardson of Michigan?]

BOSTON, Aug. 5.

Over five hundred leading merchants have signed the following, and a public meeting is proposed to add further to the list:

We, the undersigned, merchants of Boston, hereby agree that the young men in our employ who may enlist in the service of the United States, shall have, on their return from said service, the situations they occupied before enlisting.

NEW YORK, Aug. 6.

The Tribune says: From enquiries at the quartermaster general's office, we are informed that, as nearly as can be ascertained, 22,800 men have already been enrolled under the call for 300,000 volunteers.

WASHINGTON, August 5.

Special to Tribune.—It is believed here that very important movements are about to take place, affecting the fortunes of the campaign. Governor Morgan and Thurlow Weed arrived this evening. The Governor says that New York's quota of volunteers will be raised by the end of next week.

The following are our latest advices from Sperrysville:

Eight prisoners have just been brought in from Madison; three of them had been in the rebel army at Richmond. Loyal blacks are coming into the lines in great numbers from the direction of Stanardsville. They are of a very superior class, and will make excellent teamsters. A scouting party yesterday found between twenty and thirty negroes in irons about twelve miles from Madison, in a nearly starved condition. They say that they were caught while trying to escape to our lines, and put in irons.

WASHINGTON, Aug. 6.

Special to Times.—Although the rumor has not been current on the streets, well informed circles are full of stories about movements either progressing or anticipated in McClellan's army. The president is cited as authority for declarations that the present week must bring us stirring news from the peninsula, and much stress is laid on Gen. Halleck's reported refusal to grant papers to any one, on any account, to visit the peninsula this week, for the alleged reason that the state of affairs is too critical to permit any passing to and fro thro' the lines, even by military men.

The heavy draft by government is variously regarded in Washington, but the prevailing sentiment is approval. A strong feeling of confidence succeeds the distrust of the past month. It is a question whether the draft applies to this district.

PHILADELPHIA, Aug. 5.

Recruiting is going on bravely in this city, and the quota of men required by the first call will soon be raised. The whole force from Philadelphia will probably be raised without resort to drafting.

WASHINGTON, August 5.

It was, months ago, believed that through rebel sources in Washington the enemy was in constant receipt of important knowledge, though not generally known. Only a few government officials, whose patriotism is above suspicion, can now receive information, the improper disclosure of which would prove detrimental to the best interests of the country.

Gen. Burnside, it is believed, has reached his new field of operations, and may soon, by an act of his own, announce his exact locality.

There is authority for emphatically denying the truth of the statement that Secretary Seward has made remonstrances against the presence, in the Gulf of Mexico, of a powerful fleet; nor has any other such action, as represented, been taken in the premises.

NEW YORK, Aug. 5.

Wm. H. Webb, the well-known ship-builder, has contracted with the government to build an iron steam-ram, to be covered with six inch iron, to have two revolving turrets like the Monitor, the bow to be covered with twelve inch iron, and to have a solid iron ram half the length of the vessel. Price only a million and a quarter dollars.

AFTERNOON DISPATCHES.

NEW YORK, Aug. 6.

Telegrams to the Richmond Enquirer, dated Savannah, July 30th, say that five gunboats opened on our batteries at Genesis Point yesterday morning. An engagement ensued, lasting several hours, resulting in the repulse of the gunboats. It is thought one of them was considerably damaged. The quarters of the fort were damaged by shells. Nobody hurt on our side.

LYNCHBURG, July 30.

A special dispatch to the Republican, dated New River, 28th, says: The gallant Major Bailey, commanding four companies of cavalry, in all about 150 men, sent to the rear of the army by Col. McCausland, stormed Sumpterville, Friday at daylight, and killed and captured the entire garrison including the Lt. Colonel commanding, named Stone, three other commissioned officers and 52 men, commissioned and privates.

ARRIVAL OF THE BIG RAFT.—The monster raft of lumber, heretofore announced as on its way to this city, arrived at noon to-day in tow of the tugs Prindiville and McQueen. The raft is fifty feet wide, nearly 800 feet long, and from nine to twelve feet in depth, and contains *three and a half million feet* of lumber. It belongs to parties in Michigan. We hear that about ten thousand feet were washed adrift during a severe gale Saturday night. Notwithstanding this, the enterprise cannot be other than pecuniarily successful.—*Chicago Journal.*

ALABAMA.—Private advices from Northern Alabama state that the slaves do as they please, under the supposition that their day of salvation has come. The northern soldiers are in good health. It is expected that the railroad from Tuscumbia to Nashville will soon be in running order.

By the Detroit Tribune, we learn that Gen. Cass and Senator Chandler have each subscribed $1,000 to the bounty fund in that city.

The Richmond Examiner rejoices over the abundant crops in Virginia, but admits that the cereal crops in the cotton states are "an absolute failure."

The prospect for a heavy crop of peaches we learn from all quarters, was never better. The trees are laden with excellent fruit.

The course taken under the agreement for the general exchange of prisoners, will be to release the whole number. After checking off man for man on the cartel, the authorities on that side which has most will put the surplus on parole, to continue until they are balanced by a new capture by the other side.

At a war meeting at Wilmington, Will county, Ill., while Judge Norton was speaking in a stone church, the lightning struck the building, killing one man instantly, and wounding several others.

In consequence of the introduction of postage stamps for change, silver is becoming more plenty in the eastern cities.

LEAVING TO ESCAPE CONSCRIPTION.—Within the past week we have been informed that quite a number of men subject to draft have left this city for the provinces of Canada, and in some instances, we are told, these young men are the sons of wealthy citizens who have clamored loudly for the largest kind of a conscription. We are more inclined to believe these rumors from the fact that our exchanges and people from the other western states speak freely of this disgraceful conduct. We heard of an aggravated instance, which recently occurred in our sister city of Milwaukee, where a wealthy citizen has strongly urged the most vigorous prosecution of the war, subscribing liberally to bounty funds, and then after repudiating his subscriptions, sent his two sons to rusticate in Canada, to avoid the draft. We give this on hearsay, and it may be false, but there are men in all parts of the west who will so inconsistently sacrifice their patriotism to personal convenience.—*Chicago Journal.*

WHAT THE SOLDIERS WANT IN WARM WEATHER.—A writer in the July number of Hall's Journal of Health, gives some very good advice to persons writing to their friends in the army. He advises them to put in the letter a spoonful of tea or capsicum. The latter is very strengthening, and besides satisfying thirst, will invigorate and effectually prevent that uncomfortable sensation arising from having drank largely of water. A good pinch, eaten at each meal, or whenever a cup of coffee or tea or water is swallowed, will always invigorate digestion, tends to prevent acidity, and is, besides, a great antegonist of the diarrhea, dysentery, flux and "looseness," which are the great scourges of all armies. A level teaspoon of capsicum, daily, taken in eating or drinking, or both, or if taken a pinch at a time during the day or night, would do more real good, and that without any ill result, than ten ten times the cost in rum and quinine as a preventive against chills and fever.

THE CURRENCY POSTAGE STAMPS.—The United States postage stamps, which are now coming so freely into circulation, besides having the amount of their value in figures upon their upper corners, may be readily recognized by their colors and vignettes, which are as follows:

Amount.	Vignette.	Color.
1 cent	Franklin	Blue.
3 cent	Washington	Pink.
5 cent	Jefferson	Chocolate.
10 cent	Washington	Green.
12 cent	Washington	Black.
24 cent	Washington	Lilac.
30 cent	Franklin	Yellow.
90 cent	Washington	Blue.

PROCLAMATION.

To the People of Wisconsin.

Whereas, an order has been issued by the President of the United States, calling for a draft of 300,000 men to serve for nine months, under regulations to be established by the secretary of war, and providing further that if any state shall not by the 15th of August, furnish its quota of the 300,000 volunteers recently called for, the deficiency in that state will also be made up by special draft from the militia; and whereas, the system of a state bounty recommended in my proclamation of the 4th inst., is deemed impracticable by me in view of this recent order of the president:

I do hereby recall and revoke so much of my proclamation of yesterday as provides for the offer of a state bounty of $50 to volunteers and for the establishment of a fund by voluntary contribution, the issue of scrip or certificates, and the appointment of commissioners for that purpose.

Under existing circumstances no State Bounty can be offered to volunteers.

If the people of any particular localities desire to provide for a bounty to volunteers in order to encourage enlistments in the volunteer regiments they must take the matter into their own hands.

I hope that it will not be necessary to resort to drafting in this state to fill up the six regiments of volunteers now in process of organization, but that within the ten days given us by the president, these six regiments will be complete.

The people have called for energy in the prosecution of this war, and they will therefore, I trust, hail with universal approbation this recent order of the president of the United States, and will hasten to volunteer, in order to fill up the ranks of our volunteer regiments.

EDWARD SALOMON,
Governor of Wisconsin.

Madison, August 5, 1862.

The President's Decision.

If the dispatch to the Chicago Tribune is correct, President Lincoln has fully determined not to arm the negroes in any emergency. This decision will give much more satisfaction to the border state politicians who have so long and so disastrously restrained the full use of the power of the government than to the great mass of loyal men whose efforts must be relied on to put down the rebellion. Perhaps, under all the circumstances, we ought to be thankful that the President don't nullify all the other provisions of the militia and confiscation laws of congress.

State Bounty Revoked.

We publish to-day a proclamation fro Gov. Salomon, revoking the proclamation previously issued offering a state bounty of $50 to each volunteer under the call of President Lincoln for 300,000 men. From the willingness manifested by the people of the state to subscribe to the loan proposed by the Governor, there can be no doubt that it would have been promptly taken, and we hope no general serious ill effects will follow the withdrawal of the inducements to enlist, though it will be likely to operate unfavorably in some localities.

Mode of Drafting.

As there is a good deal of interest as well as curiosity in relation to the manner of drafting, the following may be given as one of the modes adopted: "When an order is received for a certain number of men to be raised by drafting, they are taken from among those enrolled. The men are accordingly mustered, and the work of drafting commenced at once. If there are fifteen men to be chosen from one of the enrolled companies, numbers from one to fifteen are written upon small bits of paper, and the numbered strips, with enough blanks accompanying them to equal the number of men in the company and, thoroughly mixed in a hat or a box. The men then draw out from the latter one of the strips of paper. If it is numbered, they must 'go to the war,' if a blank they are free. The whole operation is very simple, but is attended with considerable excitement."

There being no regularly enrolled militia in this state, some special provision will be requisite. The assessors of the various cities and towns have been required to return all the citizens between the ages of 18 and 45 years, but they are allowed till the 1st of September to make their returns, and probably there is not even a partial list in the state in the possession of the state authorities. In this city, we are informed, the list has not, or had not a few days since, commenced.

"We believe the abolition schemes of confiscation and emancipation and arming the negroes have done all the harm they can do in massing the southern people in determined resistance to the power of the government, and exciting them to a state of desperation which adds immensely to the moral strength of their armies. We design, therefore, to offer no further present resistance to them."—*Chicago Times.*

Has not the Times found it unprofitable, if not unsafe, to continue its daily "abolition" tirades? Its determination to forbear the indulgence of its cherished propensities is one of the most significant signs of the healthful change recently taken place in the sentiments of that portion of the northern people whose prejudices against "the nigger" were leading them into opposition to what must sooner or later have become the settled policy of the government.

One of the amusements of the Fourth in New York was a display of fire-works in front of the institution for the blind. It was a big thing for the inmates of the institution, but "they couldn't see it."

LAW AUTHORIZING DRAFTING.

Authority to Enrol the Blacks.

THE ACT OF FEBRUARY 28TH, 1795, AS AMENDED JULY 17TH, 1862, BY THE THIRTY-SEVENTH CONGRESS.

An act to amend the act calling forth the militia, to execute the laws of the Union, suppress insurrections and repel invasions, approved Feb. 28th, 1795, and the acts amendatory thereof, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever the President of the United States shall call forth the militia of the States, to be employed in the service of the United States, he may specify in his call the period for which such service will be required, not exceeding nine months; and the militia so called shall be mustered in and continue to serve for and during the period so specified, unless sooner discharged by command of the President. If by reason of defects in existing laws, or in the execution of them, in the several states or any of them, it shall be found necessary to provide for enrolling the militia and otherwise putting this act in execution, the President is authorized in such cases to make all necessary rules and regulations; and the enrolment of the militia shall in all cases include all the able-bodied male citizens between the ages of eighteen and forty five, and shall be apportioned among the states according to representative population.

SEC. 2. *And be it further enacted,* That the militia, when so called into service, shall be organized in the mode prescribed by law for volunteers.

SEC. 3. *And be it further enacted,* That the president be and he is hereby authorized, in addition to the volunteer forces which he is now authorized by law to raise, to accept the services of any number of volunteers not exceeding one hundred thousand, as infantry, for a period of nine months, unless sooner discharged. And every soldier who shall enlist under the provisions of this section shall receive his first month's pay, and also twenty-five dollars bounty, upon the mustering of his company or regiment into the service of the United States. And such volunteers, when mustered into the service, shall be in all respects upon a footing with similar troops in the United States service, except as to service bounty, which shall be fifty dollars, one-half of which is to be paid upon their joining their regiments, and the other half at the expiration of their enlistment.

SEC. 5. *And be it further enacted,* That the president shall appoint, by and with the advice and consent of the senate, a judge advocate general, with the rank, pay and emoluments of a colonel of cavalry, to whose office shall be returned, for revision, the records and proceedings of all courts martial and military commissions, and where a record shall be kept of all proceedings had thereupon. And no sentence of death, or imprisonment in the penitentiary, shall be carried into execution until the same shall have been approved by the president.

SEC. 6. *And be it further enacted,* That there may be appointed by the president, by and with the advice and consent of the senate, for each army in the field, a judge advocate, with the rank, pay and emoluments, each, of a major of cavalry, who shall perform the duties of judge advocate for the army to which they respectively belong, under the direction of the judge advocate general.

SEC. 7. *And be it further enacted,* That hereafter all offenders in the army charged with offences now punishable by a regimental or garrison court-martial, shall be brought before a field officer of his regiment, who shall be detailed for that purpose, and who shall hear and determine the offense, and order the punishment that shall be inflicted, and shall also make a record of his proceedings, and submit the same to the brigade commander, who, upon the approval of the proceedings of such field officer, shall order the same to be executed: *Provided,* That the punishment in such cases be limited to that authorized to be inflicted by a regimental or garrison court martial: *And provided further,* That, in the event of there being no brigade commander, the proceedings as aforesaid shall be submitted for approval to the commanding officer of the post.

SEC. 8. *And be it further enacted,* That all officers who have been mustered into the service of the United States as battalion adjutants and quartermasters of cavalry under the order of the war department, exceeding the number authorized by law, shall be paid as such for the time they were actually employed in the service of the United States, and that all such officers now in service, exceeding the number as aforesaid, shall be immediately mustered out of the service of the United States.

SEC. 9. *And be it further enacted,* That the president be, and he is hereby authorized to establish and organize army corps according to his discretion.

SEC. 10. *And be it further enacted,* That each army corps shall have the following officers and no more attached thereto, who shall constitute the staff of the commander thereof: one assistant adjutant general, one quartermaster, one commissary of subsistence, and one assistant inspector general, who shall bear, respectively, the rank of lieutenant colonel, and who shall be assigned from the army or volunteer force by the president. Also, three aid-de-camp, one to bear the rank of major, and two to bear the rank of captains, to be appointed by the president, by and with the advice and consent of the senate, upon the recommendation of the commander of the army corps. The senior officer of artillery in each army corps, shall, in addition to his other duties, act as chief of artillery and ordnance at the headquarters of the corps.

SEC. 11. *And be it further enacted,* That the cavalry forces of the United States shall hereafter be organized as follows: Each regiment of cavalry shall have one colonel, one lieutenant colonel, three majors, one surgeon, one assistant surgeon, one regimental adjutant, one regimental quartermaster, one regimental commissary, one sergeant major, one quartermaster sergeant, one commissary sergeant, two hospital stewards, one saddler's sergeant, one chief trumpeter, and one chief farrier or blacksmith; and each regiment shall consist of twelve companies or troop, and each company or troop shall have one captain, one first lieutenant, one second lieutenant, and one supernumerary second lieutenant, one first sergeant, one quartermaster sergeant, one commissary sergeant, five sergeants, eight corporals, two teamsters, two farriers or blacksmiths, one saddler, one wagoner and seventy-eight privates; the regimental adjutants, the regimental quartermasters, and regimental commissaries to be taken from their respective regiments. *Provided,* That vacancies caused by this organization shall not be considered as original, but shall be filled by regular promotion.

SEC. 12. *And be it further enacted,* That the president be and he is hereby authorized to receive into the service of the United States, for the purpose of constructing entrenchments, or performing camp service, or any other labor, or any military or naval service for which they may be found competent, persons of African descent, and such persons shall be enrolled and organized under such regulations, not inconsistent with the constitution and laws, as the president may prescribe.

SEC. 13. *And be it further enacted,* That when any man or boy of African descent, who by the laws of any state, shall owe service or labor to any person who, during the present rebellion, has levied war, or has borne arms against the United States, or adhered to their enemies by giving them aid and comfort, shall render any such service as is provided for in this act, he, his mother, and his wife and children shall forever thereafter be free, any law, usage, or custom whatever to the contrary notwithstanding: *Provided,* That the mother, wife or children of such man or boy of African descent shall not be made free by the operation of this act except where such mother, wife or children owe service or labor to some person who, during the present rebellion, has borne arms against the United States or adhered to their enemies by giving them aid and comfort.

SEC. 14. *And be it further enacted,* That the expenses incurred to carry this act into effect shall be paid out of the general appropriation for the army and volunteers.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE, Office in Union Passenger Depot.

Last Night's Report.

CAIRO, Aug. 5.

Special to Chicago Journal.—On Friday morning a brigade of troops under Colonel Cowler occupied Brownsville, Tenn. The rebel guerrillas have been driven south of the Hatchie, and federal cavalry from Bolivar are still in pursuit of them. It is thought a quietus has been put upon the rebels in that quarter for the present.

Gen. Sherman's troops tore up the track and destroyed the bridges on the Memphis & Charleston railroad during their march to Memphis. There is at present no direct land communication from Sherman to Grant, nor from Grant to Buell. These important divisions of the western army find communication by way of Cairo.

The steamer De Soto arrived yesterday from Vicksburg. She brings no news of importance. We are not permitted to give the location of Capt. Davis' fleet for the present. No boats will pass below Helena.

WASHINGTON, Aug. 5.

Special to Chicago Tribune.—It had been hoped that certain features of the interview with the president, to-day, on the subject of arming the negroes, would not be made public; but a garbled statement in a semi-secession New York paper necessitates the publication of the facts. A delegation of western men, including two United States senators, made the offer of certain negro regiments to the president, to which offer, as stated last night, the president replied that he had decided not to arm negroes. The matter then was freely discussed with reference to Lane's project and the general policy.

The president was plied with arguments against his decision, and discussion gradually became more fully explained. "Gentlemen, you have my decision. I have made my mind up deliberately and mean to adhere to it. It embodies my best judgment, and if the people are dissatisfied, I will resign and let Mr. Hamlin try it," to which one of them replied, "I hope in God's name, Mr. President, you will." The heat of the discussion seems to have arisen from the feeling that the President was drawing back from the ground his visitors thought he had given them reason to believe he occupied.

The president's refusal to accept negro troops excites surprise among parties interested in Gen. Jim Lane's plans. Lane stated positively that the administration understood his intentions about enlisting negroes in Kansas when they gave him his powers for recruiting there. If that be correct he must have been treated in bad faith. Lane will probably go on and do what recruiting he can in Kansas, and accept what negroes he can get as camp laborers.

ST. LOUIS, Aug. 5.

The dispatch from Cairo, announcing the occupation of Bloomfield, Mo., by the rebels, is contradicted at Col. Merrill's office here by a dispatch stating that Col. Daniels had compelled the guerrillas to skedaddle to Arkansas.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

WASHINGTON, Aug. 5.

The following officers have been dismissed from the service: Maj. Gen. H. Richardson of Michigan and Capt. U. P. Bank of Kentucky. [Who is Maj. Gen. Richardson of Michigan?]

BOSTON, Aug. 5.

Over five hundred leading merchants have signed the following, and a public meeting is proposed to add further to the list:

We, the undersigned, merchants of Boston, hereby agree that the young men in our employ who may enlist in the service of the United States, shall have, on their return from said service, the situations they occupied before enlisting.

NEW YORK, Aug. 6.

The Tribune says: From enquiries at the quartermaster general's office, we are informed that, as nearly as can be ascertained, 22,800 men have already been enrolled under the call for 300,000 volunteers.

WASHINGTON, August 5.

Special to Tribune.—It is believed here that very important movements are about to take place, affecting the fortunes of the campaign. Governor Morgan and Thurlow Weed arrived this evening. The Governor says that New York's quota of volunteers will be raised by the end of next week.

The following are our latest advices from Sperryville:

Eight prisoners have just been brought in from Madison; three of them had been in the rebel army at Richmond. Loyal blacks are coming into the lines in great numbers from the direction of Stanardsville. They are of a very superior class, and will make excellent teamsters. A scouting party yesterday found between twenty and thirty negroes in irons about twelve miles from Madison, in a nearly starved condition. They say that they were caught while trying to escape to our lines, and put in irons.

WASHINGTON, Aug. 5.

Special to Times.—Although the rumor has not been current on the streets, well informed circles are full of stories about movements either progressing or anticipated in McClellan's army. The president is cited as authority for declarations that the present week must bring us stirring news from the peninsula, and much stress is laid on Gen. Halleck's reported refusal to grant papers to any one, on any account, to visit the peninsula this week, for the alleged reason that the state of affairs is too critical to permit any passing to and fro thro' the lines, even by military men.

The heavy draft by government is variously regarded in Washington, but the prevailing sentiment is approval. A strong feeling of confidence succeeds the distrust of the past month. It is a question whether the draft applies to this district.

PHILADELPHIA, Aug. 5.

Recruiting is going on bravely in this city, and the quota of men required by the first call will soon be raised. The whole force from Philadelphia will probably be raised without resort to drafting.

WASHINGTON, August 5.

It was, months ago, believed that through rebel sources in Washington the enemy was in constant receipt of important knowledge, though not generally known. Only a few government officials, whose patriotism is above suspicion, can now receive information, the improper disclosure of which would prove detrimental to the best interests of the country.

Gen. Burnside, it is believed, has reached his new field of operations, and may soon, by an act of his own, announce his exact locality.

There is authority for emphatically denying the truth of the statement that Secretary Seward has made remonstrances against the presence, in the Gulf of Mexico, of a powerful fleet; nor has any other such action, as represented, been taken in the premises.

NEW YORK, Aug. 5.

Wm. H. Webb, the well-known ship-builder, has contracted with the government to build an iron steam-ram, to be covered with six inch iron, to have two revolving turrets like the Monitor, the bow to be covered with twelve inch iron, and to have a solid iron ram half the length of the vessel. Price only a million and a quarter dollars.

AFTERNOON DISPATCHES.

NEW YORK, Aug. 6.

Telegrams to the Richmond Enquirer, dated Savannah, July 30th, say that five gunboats opened on our batteries at Genesis Point yesterday morning. An engagement ensued, lasting several hours, resulting in the repulse of the gunboats. It is thought one of them was considerably damaged. The quarters of the fort were damaged by shells. Nobody hurt on our side.

LYNCHBURG, July 30.

A special dispatch to the Republican, dated New River, 28th, says: The gallant Major Bailey, commanding four companies of cavalry, in all about 150 men, sent to the rear of the army by Col. McCousland, stormed Sumpterville, Friday at daylight, and killed and captured the entire garrison including the Lt. Colonel commanding, named Stone, three other commissioned officers and 52 men, commissioned and privates.

NEW YORK, Aug. 6.

Receipts of flour, 15,207 bbls. Market quiet, without decided change. Sales of 9,000 bbls, at 4,95a5,10 for extra state; 4,75a5,05 for super state; 4,95a5,05 for super western.

Receipts of wheat, 92,340 bushels. Market without decided change. Sales 100,000 bushels, at 1,12a1,19 for Chicago spring; 1,18a1,22½ for Milwaukee club.

MILITARY ITEMS.—Commissions have been issued as follows:

George Bauman, Co. F, 2d regiment, S. W. Kingman, Co. I, 13th regiment, Chas. W. Stark, Co. F, 13th regiment, as second lieutenants in 22d regiment.

Capt. W. T. Berens major of the 5th regiment, vice Larrabee, resigned.

Dr. J. E. Reeve, Green Bay, state assistant surgeon 10th regiment, assistant surgeon 21st regiment.

Dr. C. S. Blanchard, East Troy, assistant surgeon 22d regiment.

Dr. J. M. Lewis, Oconomowoc, surgeon 23d regiment.

Dr. Chas. Mueller, Milwaukee, assistant surgeon 24th regiment.

Franklin Z. Hicks, Avoca, Iowa county, first lieutenant and quartermaster 23d regiment.

Recruiting commissions have been issued to—

G. R. Williamson, Racine, 22d regiment.

Chas. W. Barnes and Chas. L. Fayette of Albany, and S. Crooks of Mazo Manie, general recruiting appointments for 23d regiment.

ARRIVAL OF THE BIG RAFT.—The monster raft of lumber, heretofore announced as on its way to this city, arrived at noon to-day in tow of the tugs Prindiville and McQueen. The raft is fifty feet wide, nearly 800 feet long, and from nine to twelve feet in depth, and contains *three and a half million feet* of lumber. It belongs to parties in Michigan. We hear that about ten thousand feet were washed adrift during a severe gale Saturday night. Notwithstanding this, the enterprise cannot be other than pecuniarily successful.—*Chicago Journal.*

ALABAMA.—Private advices from Northern Alabama state that the slaves do as they please, under the supposition that their day of salvation has come. The northern soldiers are in good health. It is expected that the railroad from Tuscumbia to Nashville will soon be in running order.

By the Detroit Tribune, we learn that Gen. Cass and Senator Chandler have each subscribed $1,000 to the bounty fund in that city.

The Richmond Examiner rejoices over the abundant crops in Virginia, but admits that the cereal crops in the cotton states are "an absolute failure."

The prospect for a heavy crop of peaches we learn from all quarters, was never better. The trees are laden with excellent fruit.

The course taken under the agreement for the general exchange of prisoners, will be to release the whole number. After checking off man for man on the cartel, the authorities on that side which has most will put the surplus on parole, to continue until they are balanced by a new capture by the other side.

At a war meeting at Wilmington, Will county, Ill., while Judge Norton was speaking in a stone church, the lightning struck the building, killing one man instantly, and wounding several others.

In consequence of the introduction of postage stamps for change, silver is becoming more plenty in the eastern cities.

LEAVING TO ESCAPE CONSCRIPTION.—Within the past week we have been informed that quite a number of men subject to draft have left this city for the provinces of Canada, and in some instances, we are told, these young men are the sons of wealthy citizens who have clamored loudly for the largest kind of a conscription. We are more inclined to believe these rumors from the fact that our exchanges and people from the other western states speak freely of this disgraceful conduct. We heard of an aggravated instance, which recently occurred in our sister city of Milwaukee, where a wealthy citizen has strongly urged the most vigorous prosecution of the war, subscribing liberally to bounty funds, and then after repudiating his subscriptions, sent his two sons to rusticate in Canada, to avoid the draft. We give this on hearsay, and it may be false, but there are men in all parts of the west who will so inconsistently sacrifice their patriotism to personal convenience.—*Chicago Journal.*

WHAT THE SOLDIERS WANT IN WARM WEATHER.—A writer in the July number of Hall's Journal of Health, gives some very good advice to persons writing to their friends in the army. He advises them to put in the letter a spoonful of tea or capsicum. The latter is very strengthening, and besides satisfying thirst, will invigorate and effectually prevent that uncomfortable sensation arising from having drank largely of water. A good pinch, eaten at each meal, or whenever a cup of coffee or tea or water is swallowed, will always invigorate digestion, tends to prevent acidity, and is, besides, a great antagonist of the diarrhea, dysentery, flux and "looseness," which are the great scourges of all armies. A level teaspoon of capsicum, daily, taken in eating or drinking, or both, or if taken a pinch at a time during the day or night, would do more real good, and that without any ill result, than ten ten times the cost in rum and quinine as a preventive against chills and fever.

THE CURRENCY POSTAGE STAMPS.—The United States postage stamps, which are now coming so freely into circulation, besides having the amount of their value in figures upon their upper corners, may be readily recognized by their colors and vignettes, which are as follows:

Amount.	Vignette.	Color.
1 cent	Franklin	Blue.
3 cent	Washington	Pink.
5 cent	Jefferson	Chocolate.
10 cent	Washington	Green.
12 cent	Washington	Black.
24 cent	Washington	Lilac.
30 cent	Franklin	Yellow.
90 cent	Washington	Blue.

WAR MEETING.

The citizens of this city turned out en masse last evening and filled the court room to overflowing, for the purpose of taking immediate action in furnishing our quota of men for the war.

The stirring song "forward boys, forward," gave the key note to the meeting.

The governor's proclamation for the issue of bounty scrip, and the president's order for the 300,000 additional men were read.

The appointment of James M. Burgess as bounty scrip commissioner for Rock county was confirmed on motion of Andrew Palmer.

On motion of Mr. Burgess, L. F. Patten, A. C. Bates, S. Foord, Jr., and Dr. R. B. Treat, were appointed a committee to co-operate with him in getting subscriptions to the bounty scrip.

Capt. Miles, of the "Janesville Blues," presented his muster roll, and in a few pointed remarks called for recruits. Edward Francis Dean had the pre-eminent honor of being the first to respond, and the audience gave him three rousing cheers.

W. L. Mitchell made an eloquent and encouraging speech, quoting among other passages, from the last speech of Mr. Douglas, those noble words, which should be indelibly impressed on every mind: "There can be but two sides to the controversy.—Every man must be on the side of the United States or against it. There can be no neutrals in this war. There can be none but patriots and traitors."

H. N. Comstock made an energetic appeal to the audience to make provision for support of the families of those who should volunteer.

The following persons come forward with alacrity and subscribed for the bounty script as follows:

On motion of Mr. Conger, it was resolved that the commissioner appointed by the Governor of this state, having in charge the subscription for bounty scrip made by the citizens of Rock county, be and he is hereby instructed to insure the disbursement of the money raised on such subscription in the payment of bounties exclusively to volunteers from said county of Rock.

Mr. Conger addressed the meeting in a few short, pointed, practical remarks. Alderman D. H. McChesney, of the 1st ward, offered a house, free of rent, to the family of any one who would volunteer.

The meeting was a most cheering and enthusiastic one. It was good to be there. The singing was excellent, and the audience showed their appreciation of it by their silence, and rapturous applause. The Star-Spangled Banner having been sung with a hearty good will, the meeting was adjourned to Thursday evening next, for another good time.

O. J. DEARBORN, Pres't.

AMOS P. PRICHARD, Sec'y.

WHO ARE LIABLE TO BE DRAFTED?—"All *permanent residents*, (says the Chicago Journal) as well as the loyal citizens of this state, are liable to be drafted. Every man who enjoys the protection of our laws, the benefits of our institutions and the blessings of our free system of government, is in gratitude, as well as in law, bound to help defend the commonwealth, its laws, institutions and government, when dangers threaten them."

THE LAW AUTHORIZING DRAFTING.—The law authorizing the draft ordered by the war department possesses especial interest at this time, and we accordingly publish it entire.

MILTON ACADEMY.—This institution commences it fall term on the 26th inst., and closes November 10th—an arrangement which will be convenient for those students who design to teach during the winter. The announcement of the principal, giving such information as parents and pupils desire, will be found in our advertising columns.

KILLED BY LIGHTNING.—A man by the name of Snyder was killed by lightning Monday on the farm of Mr. Millard, in the town of Sun Prairie, Dane county. The deceased, with three others, was standing in Mr. Millard's granary to keep from the storm, when the lightning struck a post, followed it down, prostrated the three men and killed Mr. Snyder.

☞ The Madison Patriot says it has seen an official dispatch which stated that in the proposed drafting, states would be credited with their over proportion of men raised for the war.

☞ A new post office has been established in the town of Dane, Dane county, to be known as Harvey post office, and Charles A. Martin is appointed postmaster.

RECRUITING OFFICER.—James Hemming, chief engineer of the fire department, has received a recruiting commission for the 22d regiment.

THE SPIRIT OF THE PEOPLE.—The loyal spirit of the people of this city was illustrated at the meeting last evening, where over $8,000 was subscribed to the state loan on the apportionment of $30,000 to this county. We think the amount in the city would have been raised in a day or two to $15,000. Those who did, or would have subscribed, are entitled to none the less credit because their proffers of aid are now declined.

☞ Statement of earnings of Chicago & Northwewstern Railway company in July, 1862:

Passengers,	$23,078.39
Freight,	62,310.00
Other earnings,	3,633.33
Total,	$94,021.72
July 1861,	76,897.10
Increase,	$17,124.62

Or about 24 per cent. over the earnings of 1861 for the same month.

EVANSVILLE ACADEMY.—The announcement of the fall term of instruction in this well-known academy will be found in our columns this week, and the attention of parents and guardians is invited to the benefits offered by the institution.

DIED.

In this city, August 3d, 1862, WILLIAM RIGBY, aged 43 years.

In Chicago, on the morning of Wednesday, August 6th, 1862, GEORGE F. TRUE, in the 19th year of his age.

The funeral services will take place in this city at the residence of his uncle, S. G. Williams, Esq., Thursday afternoon at 3 o'clock. His friends are invited to attend.

Pimples and Skin Diseases—Are the result of impure blood. The blood becomes thick and clogged. The skin is not able to cast off the impurities so important to health. How many young men and women we see with their faces covered with pimples and blotches, who are endeavoring to remove them by the use of soaps and washes of various kinds. This is very dangerous and should never be practiced by persons desirous of good health. Mothers who have children afflicted with sores and eruptions, should never dry them up by external applications, for in this way they will drive in the humors and produce ill health for the child during its whole life time. There is no mother that likes to see her child afflicted with feeble health.

JUDSON'S MOUNTAIN HERB PILLS are prepared expressly for the cure of eruptions of the skin, such as Pimples, Blotches, Sores, &c. They cleanse the blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refinement.

Judson's Mountain Herb Pills are sold by all Medicine dealers. jy16daw4w

GREAT REDUCTION

SINGER & CO.'S

STANDARD MACHINES,

Well known to be the best for

Manufacturing Purposes!

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $7

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair. The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

WAR MEETING.

The citizens of this city turned out en masse last evening and filled the court room to overflowing, for the purpose of taking immediate action in furnishing our quota of men for the war.

The stirring song "forward boys, forward," gave the key note to the meeting.

The governor's proclamation for the issue of bounty scrip, and the president's order for the 300,000 additional men were read.

The appointment of James M. Burgess as bounty scrip commissioner for Rock county was confirmed on motion of Andrew Palmer.

On motion of Mr. Burgess, L. F. Patten, A. C. Bates, S. Foord, Jr., and Dr. R. B. Treat, were appointed a committee to co-operate with him in getting subscriptions to the bounty scrip.

Capt. Miles, of the "Janesville Blues," presented his muster roll, and in a few pointed remarks called for recruits. Edward Francis Dean had the pre-eminent honor of being the first to respond, and the audience gave him three rousing cheers.

W. L. Mitchell made an eloquent and encouraging speech, quoting among other passages, from the last speech of Mr. Douglas, those noble words, which should be indelibly impressed on every mind: "There can be but two sides to the controversy.—Every man must be on the side of the United States or against it. There can be no neutrals in this war. There can be none but patriots and traitors."

H. N. Comstock made an energetic appeal to the audience to make provision for support of the families of those who should volunteer.

The following persons come forward with alacrity and subscribed for the bounty script as follows:

I S Love	$100	Allen C Bates	$300
Rev R B Curtis	100	Dr R B Treat	300
Alex Graham	200	John Lund	10
McKey & Bro	500	B Randall	300

Levi Alden	50	E D Murdock	50
J Nash	50	Dr Bailey	100
E C Smith	250	J C Sinclair	100

			$8,055

On motion of Mr. Conger, it was resolved that the commissioner appointed by the Governor of this state, having in charge the subscription for bounty scrip made by the citizens of Rock county, be and he is hereby instructed to insure the disbursement of the money raised on such subscription in the payment of bounties exclusively to volunteers from said county of Rock.

Mr. Conger addressed the meeting in a few short, pointed, practical remarks. Alderman D. H. McChesney, of the 1st ward, offered a house, free of rent, to the family of any one who would volunteer.

The meeting was a most cheering and enthusiastic one. It was good to be there. The singing was excellent, and the audience showed their appreciation of it by their silence, and rapturous applause. The Star-Spangled Banner having been sung with a hearty good will, the meeting was adjourned to Thursday evening next, for another good time.

O. J. DEARBORN, Pres't.

AMOS P. PRICHARD, Sec'y.

WHO ARE LIABLE TO BE DRAFTED?—"All *permanent residents*, (says the Chicago Journal) as well as the loyal citizens of this state, are liable to be drafted. Every man who enjoys the protection of our laws, the benefits of our institutions and the blessings of our free system of government, is in gratitude, as well as in law, bound to help defend the commonwealth, its laws, institutions and government, when dangers threaten them."

THE LAW AUTHORIZING DRAFTING.—The law authorizing the draft ordered by the war department possesses especial interest at this time, and we accordingly publish it entire.

MILTON ACADEMY.—This institution commences it fall term on the 26th inst., and closes November 10th—an arrangement which will be convenient for those students who design to teach during the winter. The announcement of the principal, giving such information as parents and pupils desire, will be found in our advertising columns.

KILLED BY LIGHTNING.—A man by the name of Snyder was killed by lightning Monday on the farm of Mr. Millard, in the town of Sun Prairie, Dane county. The deceased, with three others, was standing in Mr. Millard's granary to keep from the storm, when the lightning struck a post, followed it down, prostrated the three men and killed Mr. Snyder.

☞ The Madison Patriot says it has seen an official dispatch which stated that in the proposed drafting, states would be credited with their over proportion of men raised for the war.

☞ A new post office has been established in the town of Dane, Dane county, to be known as Harvey post office, and Charles A. Martin is appointed postmaster.

RECRUITING OFFICER.—James Hemming, chief engineer of the fire department, has received a recruiting commission for the 22d regiment.

THE SPIRIT OF THE PEOPLE.—The loyal spirit of the people of this city was illustrated at the meeting last evening, where over $8,000 was subscribed to the state loan on the apportionment of $30,000 to this county. We think the amount in the city would have been raised in a day or two to $15,000. Those who did, or would have subscribed, are entitled to none the less credit because their proffers of aid are now declined.

☞ Statement of earnings of Chicago & Northwewstern Railway company in July, 1862:

Passengers,	$28,078.39
Freight,	62,310.00
Other earnings,	3,633.33
Total,	$94,021.72
July 1861,	76,897.10
Increase,	$17,124.62

Or about 24 per cent. over the earnings of 1861 for the same month.

EVANSVILLE ACADEMY.—The announcement of the fall term of instruction in this well-known academy will be found in our columns this week, and the attention of parents and guardians is invited to the benefits offered by the institution.

DIED.

In this city, August 3d, 1862, WILLIAM RIGBY, aged 43 years.

In Chicago, on the morning of Wednesday, August 6th, 1862, GEORGE F. TRUE, in the 19th year of his age.

The funeral services will take place in this city at the residence of his uncle, S. G. Williams, Esq., Thursday afternoon at 3 o'clock. His friends are invited to attend.

Pimples and Skin Diseases—Are the result of impure blood. The blood becomes thick and clogged. The skin is not able to cast off the impurities so important to health. How many young men and women we see with their faces covered with pimples and blotches, who are endeavoring to remove them by the use of soaps and washes of various kinds. This is very dangerous and should never be practiced by persons desirous of good health. Mothers who have children afflicted with sores and eruptions, should never dry them up by external applications, for in this way they will drive in the humors and produce ill health for the child during its whole life time. There is no mother that likes to see her child afflicted with feeble health.

JUDSON'S MOUNTAIN HERB PILLS are prepared expressly for the cure of eruptions of the skin, such as Pimples, Blotches, Sores, &c. They cleanse the blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refinement.

Judson's Mountain Herb Pills are sold by all Medicine dealers. jy16daw4w

GREAT REDUCTION
—IN—
The Prices
—OF—
SINGER & CO.'S
STANDARD MACHINES,

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $7

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

A Great National Work.

Something for Every Citizen; Every Fireside, Every Reader!

NO MAN, NO FAMILY, NO OFFICE SHOULD BE WITHOUT IT.

The only Correct and Complete

HISTORY OF THE WAR.

THE SOUTHERN REBELLION

and the

WAR FOR THE UNION:

A History of the

Rise and Progress of the Rebellion,

and

Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,

TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of clips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected and complete history*. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand-children, as a memorial of the present time.

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library: and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.

A Great National Work.
Something for Every Citizen, Every Fireside,
Every Reader!
NO MAN, NO FAMILY, NO OFFICE SHOULD BE WITHOUT IT.
The only Correct and Complete
HISTORY OF THE WAR.
THE SOUTHERN REBELLION
and the
WAR FOR THE UNION:
A History of the
Rise and Progress of the Rebellion,
and
Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,
TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.
In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected* and *complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand-children, as a memorial of the present time.

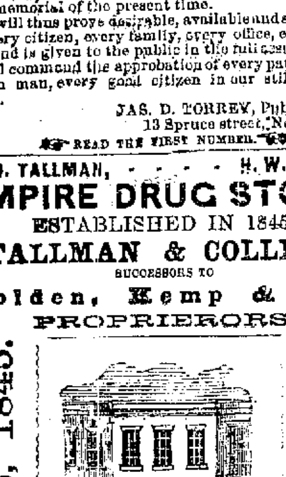

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library: and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.
